Download The Sims 2 Ultimate Collection for FREE on PC – Released on September 14, 2004, The Sims 2 Ultimate Collection is the second game of The Sims series.. Now its running fast This video helped me so thought I would share <https://youtu.be/ZtBQCtLnFKc>. Its not rocket science Don't install ANY older game to Program Files Make a C:Games or D: Games directory and install there.. comComments and reviews4902020-10-070 point Found a solution: go into the setup folder of the ISO and run setup.. Dude2019-02-062 points Where is the key??Quil the Great2019-01-171 point Had some minor issues with the download, but apart from that, this game works perfectly! There is, however, only one neighborhood but that doesn't make a huge different.. underskyzx2019-01-060 point Completely disable UAC or install in c:userspublic since it's considered 'public' no permissions issues with savesAngryF2PReviews2018-12-18-8 points Havent tried it yetMissBunny2018-08-3117 points When I make a family and attempt to move them into a home, the home loads but the family is never included and build mode is the only mode activated.. game will now run and run without disk mrpenguinb2019-01-071 point For problems with the game's performance, use a DirectDraw wrapper.. Just follow all the steps and it works<https://simsvip.com/2018/02/09/play-sims-1-windows-10-widescreen-fix/admin>2020-05-251 point Uploaded a new ISO, should workThe Definitive Patsy Cline2020-05-180 point I dunno why Deo is getting downvoted. e10c415e6f
